This note from one of our Learners characterizes the nearly 150 families we served throughout 2015:

Look at the variety of learning that occurs in our lessons (currently, nearly 100 lessons a week are held):

Take a gander at a homework assignment one of our Learners completed (Learners do HW and reading with their parents every week):

Learner Gabe holding a sewing activity. Left side is when sewing the letter "G" is assigned for homework. Right side is when he displays his completed homework at next lesson.

Gabe's parents had to help him sew. Great family learning!

Read what one parent (of many) said about her daughter's progress in our program:

"Every lesson, Lyla's English vocabulary is getting better and better. She's mostly speaking English now and pronouncing her words better. When Lyla first started 10BH (6 months ago) Lyla was going to speech therapy classes. Her speech therapist recently said that Lyla might not have to take those classes anymore because there has been such an improvement in her speaking abilities."

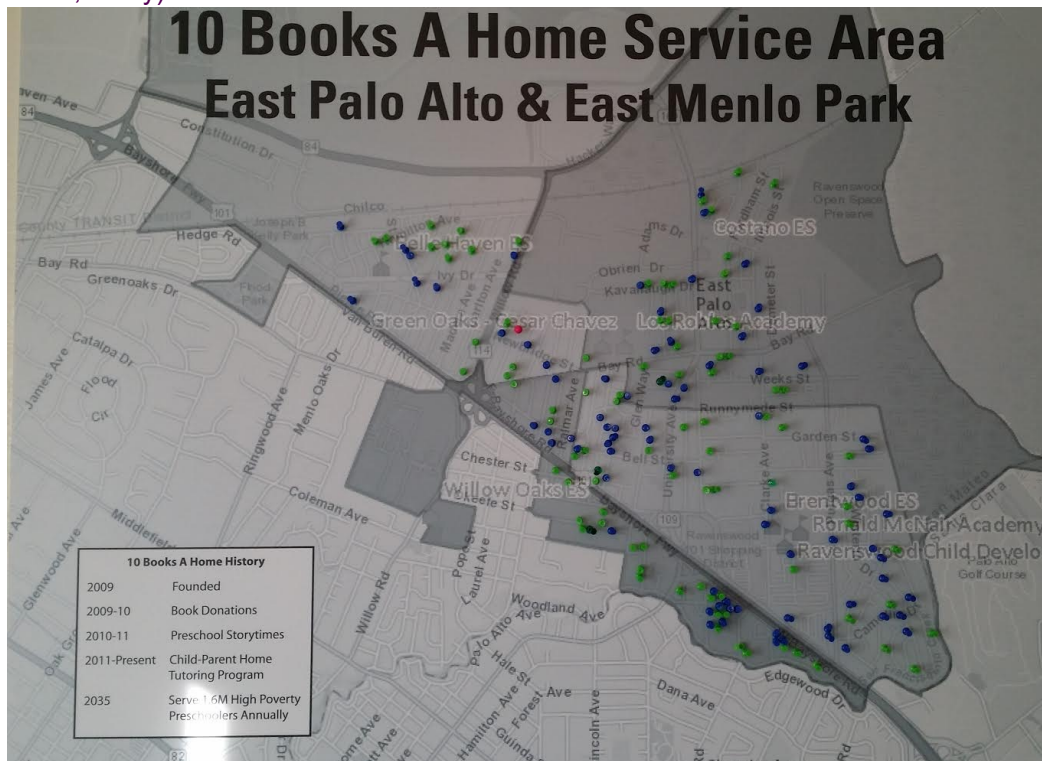

Take a peek at some of our Role Models and families adorned in their We Believe hoodies:

Our reach within our service area continues to grow (green pins=current enrollment\*; blue pins=alumni; pink pin=our

office, Pinky):

\*We are admitting another 150 families in 2016, which will bring our current enrollment to 250 families.

Read Founder & CEO Paul Thiebaut III's blog about iterating 10BH's program model to increase the impact of donated books:

Donating books, or reading donated books?

Our growth depends on a mix of:

Funding

Volunteer Role Models

Continue to help us grow throughout 2016 by spreading the word that we need funding to maintain and hire more staff in order to continue supporting our currently enrolled and prospective families and Role Models. If we succeed, 150 more families will enter our program and we will be one year closer to opening our 2nd site.

Thank you for reading, and look out for our 2015 Annual Report in February 2016. Happy New Year!
